

Johnson
LIFTS & ESCALATORS

LEADING BY NUMBERS

Johnson's 155 ft Test Tower, one of the tallest in India.

1

Today, Johnson stands atop the vertical transportation business in India.
In fact, we've been number one by sales volume since 2009.

1963

A company that would create history was founded by Mr KJ John (1923-2002)

Over five decades ago, an Indian elevator company was born with a dream that India could take on the best in the world.

Since then, it's been a steady climb to greater and greater heights.

Today, in vertical transportation, our market-share is an industry-leading 22%.

We have received the IMC Ramakrishna Bajaj National Quality Award for Manufacturing Excellence.

In 2012, two leaders came together to form Toshiba Johnson Elevator India Limited. A company that is perfectly positioned to capture the emerging market for very tall buildings in India.

It was but one more step in our upward journey...

Here's to fifty more years of taking you higher!

INR 20000

...million - our turnover in 2019.

In 2019, Johnson's turnover raced past Rs 20000 million.

The highlight of 2013 was when we bagged a mega-order for DMRC Phase-3 for 209 lifts.

Johnson has bagged 14 metro orders for over 1100 lifts and 1737+ escalators across India and completed the projects in all major cities.

In 2011, a record year, we won the Chennai Metro Rail Limited order for 315 escalators and 125 lifts. This is the single largest order for escalators in the country.

Currently, we also have over 100,000+ units under Annual Maintenance Contract all over the country.

Chennai Airport Phase-II: 24 travelators up/down, each 33 metres long connecting the domestic and international airport terminals as well as giving access to the metro rail station, commisioned in March 2018.

14 in the bag- Delhi Metro, Namma Metro(Blr), Chennai Metro, Jaipur Metro, Rapid Metro (Gurgaon), Kochi Metro, Lucknow Metro, Kolkata Metro, Noida Metro, Ahmedabad Metro, Mumbai Metro, Metro Rail Kolkata, Navi Mumbai Metro and Pune Metro.

Johnson has four state-of-the-art manufacturing facilities,
one in West and three in South India.

300000

...square metres is the total built-up area of our factories.

Today, Johnson has unsurpassed manufacturing capacity in the country.

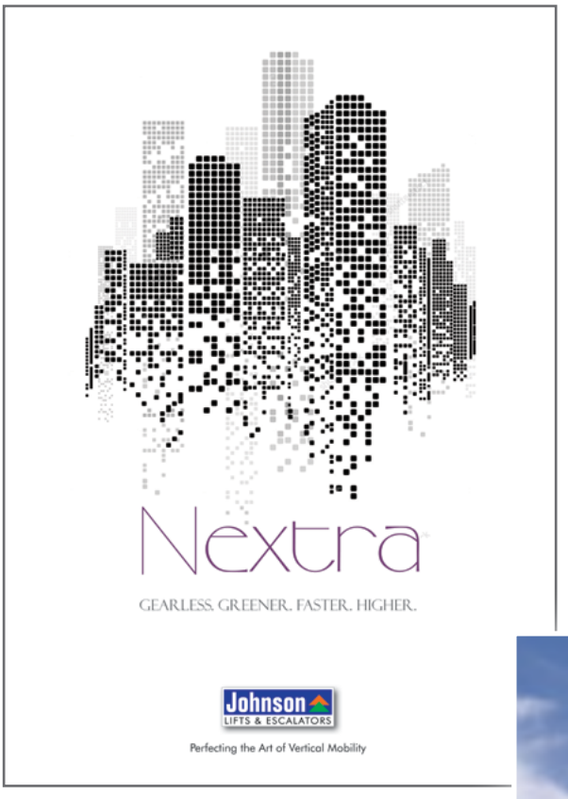

We have four full-fledged factories that are strategically located - one in Nagpur and three in Chennai with a combined capacity of over 16000 units/annum.

The factories are world class in every way: From cutting edge equipment to quality processes. From the skills of our manpower to the brains in R & D.

So you can bet that when you get Johnson, you get the best.

The latest Salvagnini automatic line.

14

We have over fourteen lift models to suit every budget and need.

Johnson Quick Response Service through innovation.

Johnson's commitment to quality, innovation and service knows no bounds.

Across our comprehensive range of lifts there is one constant - Johnson always means world leading technology adapted to Indian conditions.

Of course a world-class product has to be supported by state-of-the-art service.

Johnson has in-house training centres like no other. Every Centre is a model work place where the employee gets to learn the ins and outs of lifts and escalators. The six centres are located in Chennai, Vijayawada, Bangalore, Gurgaon, Kochi and Pune.

Quick Response Service: In today's world clients demand lightning quick service. Here too Johnson is innovating with a mobile-van for quick despatch.

Smartphone Service: We have recently introduced our 'Quick Service App'. Jobs are pushed to the service engineer's smartphone. Even materials are ordered on the app. Customers sign-off on satisfactory completion of the job on the smartphone too. Smarter service is a Johnson hallmark.

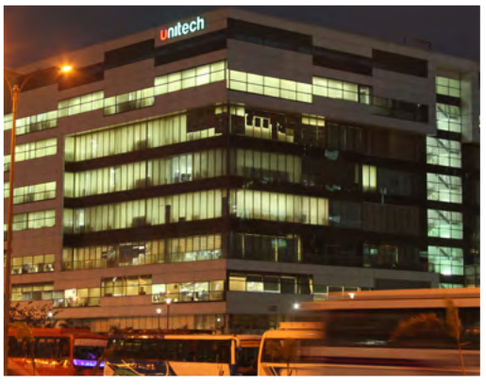

One of six full-fledged training centres.

The Johnson escalator factory in Oragadam, Chennai

1

Johnson is the first escalator manufacturer in the country.

The 10,000 square metre Johnson escalator factory is located in Chennai.

In February 2010, the first indigenously manufactured escalator rolled out of Johnson. To date, over 2000 commercial escalators proudly sport the 'Made in India' label.

In 2016 we took 'Make in India' to new heights - the first Heavy Duty Escalator manufactured in the country rolled out of our Oragadam plant duly certified by TUV. It is already installed in Varanasi Railway Station. We also have appproval by RDSO (Railway Design Standards Organisation, Lucknow). Over 800 Heavy Duty Escalators have been ordered by the Railways and in a short span 500 have been despatched as on March 2019.
